

THE ART OF WINNING IN A VUCA WORLD

Do you know? Over 50% of Fortune 50 companies did not exist a decade ago?

Ever wondered how the new age technology companies surpassed the growth of century old giants? How the market leaders like Uber, Airbnb created new business models and captivated them?

What's common between all fortune 50 companies ? They all have mastered the art of sensing and taming VUCA.

Volatility, **U**ncertainty, **C**omplexity, **A**mbiguity (VUCA) is part of any growing business. If managed well, VUCA can result in explosive growth or will propel implosion.

Learn the secrets of sensing VUCA and make the best out of it before your competitors realise it.

LEARNING OBJECTIVES

- You will understand and appreciate various opportunities and threats that VUCA brings to your business
- You will explore various strengths and weaknesses of your organisation and will be better equipped to handle VUCA
- You will develop powerful lenses to sense VUCA
- You will be able to objectively rate your organisation's ability to manage VUCA
- You will be able to position your strengths
- You will take an online talent assessment tool, Sarvaguna Indicator® to understand your strengths and blind spots to lead the VUCA environment
- You will go through Learn by Practice group activities to identify and plot your VUCA map, employ tactics and strategies learned in each session

METHODOLOGY

Highly interactive workshop based on VUCA Edge framework and Sarvaguna Indicator Assessments, group activities, reflections

TARGET AUDIENCE

Business Leaders, HODs, Managers
